

You are invited to help with a very meaningful project in Beaver County. Beaver County Behavioral Health would like to put together a recovery booklet or pamphlet to celebrate all the successes we see, hear about and live everyday. We would like to gather stories, testimonials, interviews, artwork, and/or poems that represent what recovery is to a family member, consumer, or provider. By compiling these works of recovery into a booklet or pamphlet we can share our successes, inspire each other and be reminded of the importance of the work we do everyday as consumers, family members and providers.

Maria Daniel and I are working on this project and need your expertise. We would like to explain this project to consumers, families and providers. We'd like to hear your ideas. We'd like to interview people who are interested in sharing their journey. We can do all of this by coming to you.

Please let me know if you have any questions, ideas or would like to schedule for us to come to your site.

We look forward to working with you. Thank you

*"To succeed you need to find something to hold on to, something to motivate you, something to inspire you." Tony Dorsett*
